

JUNIOR COMPETITIVE PLAYERS PROGRAM

The “Junior Competitive Player’s Program” is a comprehensive program for junior tournament players designed to provide long-term, intensive training in conjunction with Midwest tournament play. It offers tournament travel for young players with high aspirations.

SESSIONS

Session I	September 15-October 25	6 sessions
Session II	October 27-May 14	29 sessions

Class fees are based on an hourly rate of \$13.00. Participation for Session I is “pay-as-you-play” only. Players who participate in Session II will be charged for all subsequent sessions once enrolled in a specific class. Session II players will receive 8 passes for junior walk-on court time. These passes will be available the week of November 16, 2008. When girl’s high school tennis begins in the spring, high school girls will be excused from their Session II commitment.

ALL JUNIOR COMPETITIVE PLAYERS PROGRAM GROUPS ARE PRO-ADMIT. Tournament participation is required for all enrolled players. If a player has a tournament match that conflicts with a session, he/she will be excused from that session. Program instructors will critique junior performances at select tournaments. A list of these tournaments will be available in October.

EXTREME COMPETITORS

For players 8-12 years of age who are willing to commit to a year-round sport. Classes are geared towards developing competitive tournament players.
